“My precious Uncle Bill. You will be sorely missed. However, my heart at peace knowing you are at peace. I have so many great childhood memories from back in the day. You and Aunt Linda always treated us like we were your own. I admire that about you both. You found Aunt Mary and she had the same heart. Treating us like her own. There's nothing on earth that can repay, either of you all, for the love and care you showed every single one of us. I'm sharing the story of when you showed me the “correct” way to take lug nuts off/put back on, a tire. You called it the “star” method. My dad may have shown me when I was younger, but I forgot. Now that I'm older, I'll never forget it. You always had an answer or willing to figure it out. I'll love you always! And will see you all later! ❤️❤️❤️

“Uncle Bill was a great man, You will be very missed very much and we all love you. I remember growing up as a child I used to come to the station and you would let me sweep floors to make money, those times I will never forget. You always came to see me when I was in the hospital and that meant so much to me. I apologize I cannot be there for this service but I know you do understand and you would tell me "Don't worry, it's OK". Thank you for being such a great Uncle. We love you and miss you. See you on the other side. Love Always
