“ *My condolences to the family of Mr. Dehart. Caleb was someone who had a sense of humor and someone that I could look to in class to have a mature take on the business of media production. He indicated that he was working on a script about returning vets and their struggles. It seemed that this was somewhat biographical in nature and that it may have had something to do with his service in Afghanistan.Again, I'm sorry to hear about the passing of Caleb.*
