“ "Please come back to the Dicks 'n Janes podcast next week." I might say the same to you, sir. Obviously, you know your own mind and you'll do what you want to do, but on the off cahcne that expressions of public support will help you decide not to shelve the podcast (as I believe you were considering aloud in the first segment), I thought I would chime in to tell you I'd miss you very much if you did that.
