“ Jamie, I'm so sorry for your family's loss you were such a Awesome person more then you know, You were Payton's teacher at head start and she just loved you and I appreciated the time and caring you gave her while she was there. I hated the day we had to leave and start her in the other school. But Payton adjusted well finally. Y'all are such a special team of ladies to have given care to all those kids that need you. and I know you will be looking down from Heaven watching and protecting your own son. You will be greatly missed my prayers our with your family. I know that something you gave to your family will get them threw this. you will never be forgotten and will always be in our hearts. God Bless your family!!
