“ I am so sorry that we didn't learn of Mike's death until reading this! Judy and I have remarked several times over this past summer that Mike must have gotten really sick since we hadn't seen him out in the neighborhood. I do wish I'd inquired in time to spend some time with him. We've been neighbors for 25 years and I can't count the times Mike would go out of his way to help with projects at our place - welding in particular, but gardening and many other things. We had so very many 'across the fence' visits while he was out hunting 'flints' (arrowheads) in the field behind our house. RIP my good friend, our neighborhood won't ever be the same without you.
