“ I'm glad your years of suffering is gone. I will try to my best to do your dying wishes. I will take good care of "our" girl Kaylee. I'm glad I got to know you when I had Kaylee. I miss talking to you almost every day. Kaylee loves and misses you so much. Everyday she cries just a little for you. You were the one constant in her life. Your death is so much more to her because of everything she lost, It wasn't just her grandmother. I tell her you're not gone but you live in her heart now.
